No.	Item Code	Description	Qty	Unit Price	Total
Medical Equipments					
Surgical Equipments					
	SRGEQ789	<p>Suture Needles - Cutting Shaped (Suture Needles - Spring Eye)</p>  <p>We also present our valued clients with premium quality Suture Needles - Cutting Shaped that are manufactured from medical grade stainless steel. Renowned for their specific length and excellent penetration ability, these needles cause less pain to the patient because they are smoother to go through the tissue.</p>	2		
	SRGEQ994	<p>Hypodermic Needles</p>  <p>We are well equipped with a robust infrastructure to manufacture premium quality Hypodermic Needles. Fabricated in strict compliance with the well defined industrial specifications, these needles have a broad inner bore that</p>	3		

		facilitates smooth injection of fluids in the body. Our entire range of needles is widely appreciated for its specific design and precise length.			
Endoscopy Products					
ENDEQ537		<p>Colonoscopy</p> <p>We offer our clients fiber Colonoscopy, in which a 13.3mm tube is inserted and it has great flexibility. Also, having biopsy channel of 3.2mm and working length up to 168 cm, these are in great demand by our valuable clients. Widely appreciated for supreme quality and known for high definition, these are available at industry leading prices.</p>	1		
ENDEQ902		<p>Halogen Otoscope</p> <p>We are one of the trusted manufactures of Halogen Otoscope POT-O-005 which comes with a handle and a plastic head. Oscopes in general come with 3 x magnification for superior optical glass viewing. The speculum size is of 2, 3 and 4mm. We manufacture 2.5 volts Halogen Otoscope with a pneumatic output port. Our otoschopes are competitively priced.</p>	2
